

Managing your Health Savings Account Online

With Horizon MyWay HSA, members have access to mybenefitwallet.com. This new website provides a number of new tools and enhanced functionality. Below is a look at just a few of the tools members can use to manage their account.

Upload and Save Receipts

Members are not required to keep receipts when paying for eligible expenses from their HSA. However, it can be helpful to keep documentation should the IRS ever ask for proof that HSA funds were used for qualified medical expenses.

With mybenefitwallet.com, members can upload and save receipts to help keep a record of their HSA spending.

Filing Cabinet

The new **Filing Cabinet** is a helpful tool to keep track of expenses paid out of pocket. Members can enter an expense and upload the receipt, if they wish.

Once expenses are saved to the **Filing Cabinet**, members can go back to reimburse themselves for saved expenses. The tool keeps a record of the qualified medical expenses for which the member was reimbursed.

New Calculators and Videos

New calculators and educational videos can be found in the **Help Center** of mybenefitwallet.com.

The new calculators section provides members with various tools that show members how their HSA balance can grow over time and how they can meet their long-term savings goals.

Members can learn more about the HSA with the new videos section. Videos range in topics from how an HSA works to the tax savings of an HSA.

Mobile App

Now members can access their Horizon *MyWay* HSA from the convenience of their smartphone!

The BenefitWallet app is a secure, interactive mobile application for members to access their account information. They simply log in to the app with their existing BenefitWallet user ID and password. Then, they can:

- **View their account balances and transaction history**
- **View their filing cabinet of claims and documentation**
- **Upload photo images of documentation**
- **Access online bill pay**
- **Access FAQs and eligible expenses**
- **Tap to call the BenefitWallet Service Center**
